WHO Headquarters (Switzerland)

Technical Briefing Seminars, annual one week courses

www.who.int/medicines/technical_briefing/en

WHO-CC for International Drug Monitoring (UMC, Sweden)

UMC Pharmacovigilance Training Course, annual two week course

www.who-umc.org/DynPage.aspx?id=98079&mn1=7347&mn2=7252&mn3=7323

WHO-CC for Advocacy & Training in Pharmacovigilance / UMC-Africa (UMC-A, Ghana)

Pharmacovigilance and Communication courses mainly for sub Saharan African countries

www.pvafrica.org

WHO-CC for Pharmacovigilance / Centre Anti Poison et de Pharmacovigilance du Maroc (CAPV, Morocco)

Pharmacovigilance courses mainly for francophone African and Arabic countries

www.capm.ma

WHO Global Training Network on Vaccine Quality (GTN)

Vaccine safety basics e-Learning course

<https://extranet.who.int/vaccsafety>

Pan American Health Organization (PAHO, US) / Agencia Española de Medicamentos y Productos Sanitarios (AEMPS, Spain)

Pharmacovigilance course mainly for Latin American countries, including e-Learning modules

<http://devserver.paho.org/virtualcampus/moodle>

International Society of Pharmacovigilance (ISoP)

Pharmacovigilance courses (globally)

www.isoonline.org/index.php?page=training

International Pharmaceutical Federation (FIP)

Pre-annual meeting courses in Pharmacovigilance (globally)

www.fip.org/congresses

International Conference on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Use (ICH)

Courses in ICH guidelines, MedDRA etc. (globally)

www.ich.org/trainings/ich-trainings.html

Drug Information Association (DIA)

Wide range of Pharmacovigilance courses including e-Learning modules (globally)

www.diahome.org/en/eduofferings/AboutEduOfferings/AboutEducationalOfferings

www.diahome.org/en/HomePage/Online%20Learning

Management Forum

Wide range of Pharmacovigilance conferences and seminars including webinars (globally)

www.management-forum.co.uk/pharmaceutical

Drug Safety Research Unit (DSRU, UK) / University of Portsmouth (UK)

Wide range of Pharmacovigilance courses including e-Learning modules

www.dsru.org/trainingcourses

www.dsru.org/distancelearning

London School of Hygiene and Tropical Medicine (LSHTM, UK)

Certificate in Pharmacoepidemiology and Pharmacovigilance, 20 week course where formal teaching, self study and project work is combined

www.lshtm.ac.uk/study/cpd/scpp.html

Medicines and Healthcare products Regulatory Agency (MHRA, UK)

Pharmacovigilance e-Learning module for clinical practitioners

www.mhra.gov.uk/ConferencesLearningCentre/LearningCentre/pharmacovigilancelearningmodule/index.htm

Swiss Tropical and Public Health Institute (Swiss TPH) / University of Basel (Switzerland)

Epidemiology courses

www.swisstph.ch/teaching.html

MedEffect (Health Canada, Canada)

Learning centre with educational tools for health professionals, consumers and patients

www.hc-sc.gc.ca/dhp-mps/medeff/centre-learn-appren/index-eng.php

The Medicines Transparency Alliance (MeTA, Philippines)

Drug safety awareness e-Learning courses for different target groups

www.metaphilippines.org.ph/index.php?option=com_content&view=article&id=174&Itemid=65 (go to section D. at the bottom of the website)

Empower School of Health (India)

Educational programs in clinical research and pharmacovigilance

www.empower.net.in/index.php

China SFDA Institute of Training and Education (China)

Pharmacovigilance courses for Chinese pharmacovigilance professionals

<http://www.sfdaied.org/>

Universities offering pharmacovigilance and pharmacoepidemiology courses

Eu2P (European Consortium) www.eu2p.org

The Eu2P training partnership is composed of seven Universities (listed below), the European Medicines Agency, the French Medicines Agency and fifteen Pharmaceutical Companies from the European Federation Pharmaceutical Industries Association (EFPIA). The Université Bordeaux Segalen is the coordinating institution for the whole Eu2P programme that includes a Master, Certificates and a PhD in Pharmacovigilance and Pharmacoepidemiology. Distance learning is combined with face-to-face training sessions.

The Université Bordeaux Segalen (France) - Coordinating Institution

Erasmus Universitair Medisch Centrum (Netherlands)

www.erasmusmc.nl/?lang=en

Fundació Institut Català de Farmacologia - Universitat Autònoma de Barcelona (Spain)

Postgraduate training includes a biennial Master Course in Pharmacoepidemiology

www.icf.uab.es/en/teaching/index.html

University of Hertfordshire (UK)

MSc/PgD/PgC in Pharmacovigilance programmes. Distance learning is combined with 3 day workshops (and a research project).

www.herts.ac.uk/courses/PharmacovigilancePG.cfm

Università di Verona (Italy)

www.sfm.univr.it/eng/Attivita.htm

Universiteit Utrecht (Netherlands)

Master's Programme in Epidemiology

www.uu.nl/university/international-students/en/epidemiology/studyprogramme/Pages/default.aspx

Karolinska Institutet (Sweden) - Collaborative Member

<http://ki.se>

Uppsala Universitet / UMC (Sweden)

'Adverse Drug Reactions and Pharmacovigilance' is a five week university course jointly organized by Uppsala University and UMC. From 2013, it will be converted to a distance learning course and registration will be open for students all over the world.

www.uu.se/en/education/courses_and_programmes/selma/kursplan/?kpid=19782&clasar=11/12&typ=1

University of Bath (UK)

'Drug Safety and Surveillance' is a twelve week distance learning course including two 2 day workshops.

<https://wiki.bath.ac.uk/pages/viewpage.action?pageId=59933394>

University of Liverpool (UK)

The Centre for Drug Safety Science (CDSS) welcomes applications for both basic and clinical studentships from individuals with a strong academic background in a related area and a commitment to progress their training in the field of drug safety.

www.liv.ac.uk/drug-safety/study-training/

University of Groningen / Lareb (Netherlands)

International Meyler course in Pharmacovigilance, annual five days master course. Ten students outside The Netherlands are invited to join.

Contact person: prof.dr. A.C. van Grootheest (ac.grootheest@lareb.nl)

McGill (Canada)

Graduate programs (MSc/PhD) and summer sessions in Epidemiology, Biostatistics, Occupational Health and Public Health.

www.mcgill.ca/epi-biostat-occh/grad

Boston University - School of Public Health (US)

Graduate programs (MPH/MSc/PhD) in Epidemiology, Biostatistics, Public Health etc.

<http://sph.bu.edu/Academic-InformationDegrees-a-Programs/degrees-a-programs/menu-id-617074.html>

Temple University - School of Pharmacy (US)

Certificate in Global Pharmacovigilance - Benefit Risk Assessment

www.temple.edu/pharmacy_qara/certificates.htm

National University of Singapore (Singapore)

Pharmacovigilance and Regulatory Science course

www.pharmacy.nus.edu.sg/students/course_pr4208.html
